Project C18 - Procurement Policy and Market Development for the Social Economy:

Expanding the Market Opportunities for Social Enterprise, Co-operators, and Other Social Economy Businesses
Whether intentional or un-intentional, every purchasing decision creates ripples and multiplying impacts.
Blending Social Values into Purchasing

When a purchaser makes purposeful decisions that blend economic, social and environmental impacts they can directly and in a measurable and positive way they influence the health and sustainability of communities
Social Economy Businesses, by their nature, offer a Blended Return on Investment, the ideal supplier for sustainable purchasers.
Barriers:
Purchasers understanding the values, models and options to use social economy suppliers
